

ANESTHESIOLOGY

Volume 11

INDEX TO SUBJECTS

* Asterisk indicates titled subjects of articles

- Acapnia, effect of controlled respiration, 679
Acoustic gas analyzer, 256*
Addison's disease, effect on choice of anesthetic, 497
Airway, effect of positive pressure on, 666*
Alcohol, determination of, 603
Aminophylline, effect on coronary circulation, 176
Ampules, contamination of, 257*
Analgesics,
 determination of, 603
 drug number 15431, 527
 effect on blood gases, 651*
 supplementation of nitrous oxide with, 527*
Anesthesia,
 basal, 443*, 599*
 block,
 caudal, 110*
 hyaluronidase in, 470*
 intercostal, 63
 stellate ganglion, 342*
 therapeutic use, 65*, 342*
 depth, determination of, 679
 electrical, 26
 for children, 328*, 377, 443*, 589*, 592*, 709*
 for diaphragmatic hernia operations, 377
 for heart operations, 328*
 for intravertebral operations, 367*
 for obstetrics, 110*, 283*, 651*
 for polycythemic persons, 155*
 for premature infant, 136
 for psychiatric study, 403
 for sympathectomy, 345*
 for thoracic surgery, 60*, 431, 443*
 for toxemic patients, 96*
 geriatric, 737*
 intratracheal, 206*
 intravenous, for prolonged operations, 489*
 psychosomatic aspects of, 391*
 records, 422*
 spinal,
 dangers, 254*, 283*
 effect on liver, 581
 for children, 709*
 for obstetrics, 110*, 283*, 464*
 headache, 17*, 294*, 464*, 702*
 localization of catheters, 360*
 nerve injuries after, 289
 reactions, 350*
 with lucaine, 353*, 686*
Anesthesiology,
 clinical research in, 178*
 group practice of, 41*
 trends in, 238*
Anesthetics,
 analysis of, 265*, 599*
 effect on circulation, 145*
 gaseous, uptake by body, 517*
 local,
 determination, 603
 effect on liver, 580
 toxicity ratios, 66
 pharmacologic effects, 550
 quantitative analysis, 265*
 spinal, contamination of, 257
 theory of action, 24*
Apparatus,
 arm guard, 636
 Buchanan rebreathing tube, modified, 256
 Eaton headrest, 131*
 infant anesthesia, 377
 intratracheal tubes,
 cuffed, 120*
 scientific aspects, 313
 size of, 730*
 intravenous therapy, 55
 laryngoscope, 206*
 laryngoscope blade, 750
 "operiscope," 506
 oxygen administration, 504
 plastic airway, 136
 spinal catheters,
 localization of, 360*
 sterilization of, 258
 spinal needle, 464
 substitute airway, 379
Aranthol, effect on heart, 437
Arrhythmia (see heart)
Asthma, effect on choice of anesthetic, 498
Atropine sulfate, compared to scopolamine, 279
Avertin (see tribromethanol)

- Barbiturates,
determination of, 603
effect on liver, 579
Beckman oxygen analyzer, 265*
- Bleeding, pulmonary, anesthetic management, 62
- Blood,
bank, organization and operation of, 47*
concentrations of pentothal in, 5
flow, relation to respiration, 543
gases,
during parturition, 651*
effect of endotracheal tube size, 730*
fetal, effect of amnesic regimens, 651*
oxygen, after rectal pentothal, 589*
pressure,
after lucaine spinal anesthesia, 357
children, 596
effect of decamethonium, 220
effect of pituitrin, 79
effect of positive pressure breathing, 668
relation to coronary circulation, 170
- Bone, concentration of pentothal in, 3
- Brachial plexus, injuries, 290
- Brain,
concentration of pentothal in, 4
respiration, effect of pierotoxin on, 773*
- Bronchi,
effect of anesthetics on, 557
effect of decamethonium on, 220
- Buchanan rebreathing tube, modified, 256
- Carbon dioxide,
blood, during labor, 655
determination, 601
effect on coronary circulation, 171
excess, 548
lack, 546
- Carbon tetrafluoride, effect on explosion, 562*
- Carotid sinus reflex, effect of curare, 410
- Celiac plexus reflex, effect of curare, 414
- Chemoreflexes, effect of anesthesia, 554
- Chloretone, pituitrin with, 77
- Chloroform,
determination, 602
effect on liver, 577
pituitrin with, 77
- Circulation,
coronary, physiology, 168*
during intravenous procaine, 188
effects of anesthesia, 145*
effects of decamethonium, 219*
effects of positive pressure, 667, 678
effects on respiration, 557
of children, 595
- Cocaine,
effect on heart, 228, 299*
pentothal-curare combination, 245*
- Cold, anesthetic action, 27
- Complications,
after heart surgery, 331
after intravenous procaine, 188
after laryngoscopy, 250
after lucaine spinal anesthesia, 358
after spinal anesthesia, 254, 283*, 294*
aspiration of gastric contents, 102*
during spinal anesthesia, 350*
headache, 17*, 294*, 464*, 702*
nerve injuries, 289*
paraplegia, 635
postpartum, cerebral embolism, 752
regurgitation of gastric contents, 102*
- Coramine, effect on coronary circulation, 176
- Cough reflex, effect of procaine on, 193
- Curare,
assay, 604
before intubation, effect on heart, 233, 307
during heart surgery, 329
effect on autonomic reflexes, 409*
effect on liver, 581
evipal sodium with, 164*
for tetanus treatments, 199*
for torticollis, 751
in oil, 199*
pentothal-cocaine combination, 245*
- Cyanosis, during intravenous procaine, 188
- Cyclopropane,
carbon tetrafluoride with, 562*
effect on circulation, 150
effect on heart,
action of dibenamine, 8*
action of intrathecal vasoconstrictors, 694*
action of quinidine, 623*
action of straight chain amines, 437*
effect on liver, 579
for intubation, cardiac effects, 225, 299
pituitrin with, 77
- Decamethonium bromide, 215*
in pentothal solution, 220
- Demerol, supplement to nitrous oxide, 527*
- Diabetes, effect on choice of anesthetics, 497
- Dibenamine, effect on arrhythmias, 8*
- Digitalis, preoperative use, 322
- Eaton headrest, 131*
- Electricity, anesthetic action, 26
- Ephedrine,
effect on coronary circulation, 175
intrathecally, effect on heart, 694*
- Epinephrine,
effect on circulation, 175
in pontocaine solution, 71
intrathecally, effect on heart, 694*
- Ether, diethyl,
determination, 268, 602
effect on circulation, 150
effect on heart, 225, 299
effect on liver, 578
pituitrin with, 77
- Ethers, aliphatic, 455*
- Ethyl chloride,
effect on liver, 580

- effect on protoplasm, 29
- Ethylene,
 - determination, 602
 - effect on liver, 580
- Evipal sodium, curare with, 164*
- Explosion, effect of carbon tetrafluoride, 562*
- Gases,
 - blood, effect of endotracheal tube size, 730*
 - diffusion of, 542
 - flow, physics of, 314
 - quantitative analysis, 265*
 - uptake in body, 517*
- Geriatrics, anesthetic problems of, 737*
- Glucose,
 - effect on intensity of spinal anesthesia, 691
 - intrathecally, effect on headache, 707
- Headache, postspinal, 17*, 294*, 464*, 702*
- Heart,
 - action, control during anesthesia, 321*
 - disease, choice of anesthesia, 495
 - during anesthesia,
 - effect of dibenamine, 8*
 - effect of intrathecal vasoconstrictor, 694*
 - effect of pituitrin, 85
 - effect of quinidine, 623*
 - effect of straight chain amines, 437
 - during intubation, 224*, 299*
 - effect of procaine on, 193
 - failure, resuscitation, 324
 - operations, anesthesia for, 328*
 - output, effect of positive pressure, 668
- Heat, anesthetic action, 29
- Hering-Breuer reflex, 540, 555
- Histamine, release by curare, 220
- Homeostasis, relation to anesthetics, 145*
- Hyaluronidase, in nerve block, 470*
- 3-Hydroxy-N-methyl-morphinan hydrobromide,
 - supplement to nitrous oxide, 527*
- Hypertension, operations for, anesthesia, 345*
- Hypotension, effect of curare, 409
- Infection, effect on procaine metabolism, 335
- Intestine,
 - concentration of pentothal in, 4
 - obstruction, choice of anesthesia, 491
- Intubation, endotracheal,
 - blood gas studies during, 730*
 - electrocardiographic studies during, 224*, 299*
 - evipal-curare induction for, 164*
 - of children, 595
 - prolonged, 129*
- 1-Isomethadone, effect on blood gases, 652
- Isonipicaine, effect on blood gases, 652
- Kidney,
 - concentration of pentothal in, 4
 - disease, effect on procaine metabolism, 335
- Laryngoscopy, anesthesia for, 245*
- Laryngospasm,
 - effect of phenobarbital, 492
 - effect of surital, 39
 - prevention, 247
- Liver,
 - concentration of pentothal in, 4
 - disease, effect on procaine metabolism, 35
 - function, relation to anesthesia, 567*
- Lucaine, clinical use, 353*, 686*
- Lung,
 - concentration of pentothal in, 4
 - disease, choice of anesthesia, 497
 - effect of positive pressure, 675
- Lymph,
 - concentration of pentothal in, 5
 - flow, relation to respiration, 543
- Methedrine, effect on coronary circulation, 175
- 2-Methylamino-1-cyclopentyl-propane, effect on heart, 437
- Morphine,
 - basal anesthesia, 443*
 - supplement to nitrous oxide, 527
- Muscle, concentration of pentothal in, 4
- Myasthenia gravis, effect on choice of anesthetic, 497
- Myricin, 199
- Narcology, 637
- Nausea, effect of pyridoxine, 212*
- Neosynephrine,
 - effect on coronary circulation, 175
 - in pontocaine solution, 71
- Nerve injuries, 289*
- Nervous system, of children, 597
- Nitrogen, determination of, 276
- Nitroglycerine, effect on blood flow, 176
- Nitrous oxide,
 - determination, 266, 601
 - effect on heart, 231, 307
 - effect on liver, 579
 - supplementation, 527*
 - technic of administration, 485*
- Obesity, effect on procaine metabolism, 335
- Osteomyelitis, effect on choice of anesthesia, 496
- Oxygen,
 - blood,
 - during labor, 654
 - effect of pentothal, 589
 - determination, 266, 601
 - effect on coronary circulation, 171
 - excess, 546
 - lack, 548
- p-Aminobenzoic acid, blood levels, 333*
- Pancreatitis, effect on choice of anesthesia, 497
- Papaverine, effect on coronary circulation, 176
- Pelvic reflex, effect of curare, 418

- Pentobarbital,
 - effect on blood gases, 652
 - pentothal combined, 489*
 - poisoning, resuscitation, 452*
- Pentothal sodium,
 - curare-cocaine combination, 245*
 - decamethonium combination, 220
 - effect on circulation, 150
 - effect on heart, 232, 307
 - metabolism, effect of pierotoxin, 733*
 - pentobarbital combined, 489*
 - rectally, 443*, 589*
 - time studies, 1*
 - tissue distribution, 1*
- Pentothal 835-thiobarbiturate, 1*
- Phenobarbital,
 - effect on heart, 233, 309
 - pituitrin with, 77
- Pierotoxin, effect on thiopental metabolism, 733*
- Pitocin, during anesthesia, 76*
- Pitressin,
 - during anesthesia, 76*
 - effect on coronary circulation, 175
- Pituitrin, during anesthesia, 76*
- Plasma, concentration of pentothal in, 4
- Polycythemia, relation to anesthesia, 155*
- Pontocaine,
 - clinical use, 65*
 - hyaluronidase, 470*
 - spinal anesthesia with, 709*
 - topical application, danger, 67
- Position,
 - during laminectomy, 367
 - effect on nerve injuries, 289
 - effect on pulmonary ventilation, 544
 - for thoracic surgery, 64
- Pre-anesthetic medication,
 - for children, 279*, 443
 - for intravenous anesthesia, 490
- Pregnancy,
 - physiologic changes during, 654
 - toxemias of, anesthesia during, 96*
- Preoperative preparation, 495*
- Procaine hydrochloride,
 - effect on heart, 322
 - intravenously,
 - blood levels, 333*
 - effect on heart, 299*
 - with general anesthesia, 185*, 333*
 - pituitrin with, 77
- Protoplasm, effect of anesthetics, 24*
- Psychology, relation to anesthesia, 391*
- Pyridoxine, effect on nausea and vomiting, 212*
- Quinidine,
 - effect on arrhythmias, 623*
 - preoperative use of, 322
- Records, key-sort anesthesia and recovery, 422*
- Respiration,
 - assisted, 661*
 - compensated, 661*
 - controlled, 538*, 661*
 - during anesthesia, control of, 427*
 - effect of decamethonium, 218
 - effect of positive pressure, 672
 - of children, 593
 - physiologic factors, 539
- Resuscitation, after pentobarbital poisoning, 452*
- Saline solution, peridural injection, 17*
- Salivation, effect of intravenous procaine, 195
- Scopolamine,
 - compared to atropine, 279
 - effect on blood gases, 652
- Skin, concentration of blood gases in, 3
- Sodium 5-allyl-5-(1-methylbutyl)-2-thiobarbiturate (see surital)
- Suprarenin, in pontocaine solutions, 71
- Surital sodium, intravenously, 33*
- Sweating, during intravenous procaine, 193
- Syneurine (see decamethonium)
- Technic,
 - anesthesia for children, 328*, 444
 - anesthesia for laryngoscopy, 248
 - "closed" anesthesia, 545
 - basal anesthesia, 444
 - evipal-curare for intubation, 165
 - intubation, 206*
 - nitrous oxide, 487
 - spinal anesthesia, 294
 - "double puncture," 467
 - for children, 711
 - with lucaine, 353*
- Tetanus, treatment with curare, 199*
- Tetracaine, regional anesthesia with, 606*, 716*
- Torticollis, treatment with curare, 751
- Tribromethanol,
 - effect in asthma, 498
 - effect on liver, 580
- Trichlorethylene, 580
- Tuamine, effect on heart, 437
- Vagus, effect of curare, 409
- Vomiting, effect of pyridoxine, 212*

INDEX OF AUTHORS AND TITLES OF ORIGINAL ARTICLES

PAGE	PAGE
Adams, R. C.: Clinical research in anesthesiology 178	Brotman, Milton: Intravenous supplementation during nitrous oxide anesthesia: comparison of demerol, morphine and a new potent analgesic 527
Adriani, John: The effects of epinephrine and ephedrine administered intracably upon cardiac automaticity during cyclopropane anesthesia 694	Brown, J. M.: Effects of various amnesic regimens on the human maternal and fetal blood gases during parturition 651
Allen, C. R.: The control of respiration in anesthesia 427	Bruner, H. D.: The scientific aspect of endotracheal tubes 313
Anderson, B. M.: Manually assisted and controlled respiration: its use during inhalation anesthesia for the maintenance of a near-normal physiologic state—a review. Part I, Part II 538, 661	Burstein, C. L.: Curare in the management of autonomic reflexes 409
Artusio, J. F., Jr.: A comparative study of rectal pentothal and morphine for basal anesthesia upon children for tonsillectomy 443	Electrocardiographic studies during endotracheal intubation. I. Effects during usual routine technics 224
Ausherman, H. M.: Group practice in anesthesia 41	Electrocardiographic studies during endotracheal intubation. II. Effects during general anesthesia and intravenous procaine 299
Baldes, E. J.: Preliminary investigations of carbon tetrafluoride as an inert diluent gas to prevent explosions of mixtures of cyclopropane and oxygen 562	Cann, J. E.: Incidence of headache with use of 27 gauge spinal needle 294
Barbour, C. M., Jr.: Polycythemia in relation to anesthesia and surgery .. 155	Chapman, D. W.: The effect of quinidine on arrhythmias induced by cyclopropane and cyclopropane-epinephrine 623
Beecher, H. K.: A note on the optimal size of endotracheal tubes based upon studies of blood gases 730	Clark, S. S.: Anesthesia for thoracolumbar sympathectomy 345
Belton, M. Kathleen: Special considerations in the selection and employment of anesthetic agents and methods in infants and children 592	Cole, V. V.: Blood levels of procaine and p-aminobenzoic acid following the use of intravenous procaine hydrochloric in general anesthesia 333
Benton, C. C.: Evipal sodium—d-Tubocurarine chloride for endotracheal intubation: preliminary study 164	Conner, E. H.: The use of lucaine in the study of spinal anesthesia 686
Berens, J. J.: Immediate reactions to spinal anesthesia 350	Cooper, Betty M.: The control of respiration in anesthesia 427
Binger, Grace G.: Treatment of two cases of tetanus with d-tubocurarine chloride in peanut oil with myricin 199	Cull, W. A.: Some clinical observations on lucaine 353
Bishop, H. F.: Curare in the management of autonomic reflexes 409	Cullen, S. C.: Intravenous supplementation during nitrous oxide anesthesia: comparison of demerol, morphine and a new potent analgesic 527
Bollman, J. L.: Tissue distribution with time after single intravenous administration of pentothal sodium (sodium ethyl (1-methylbutyl) and pentothal S35 thiobarbiturate) 1	Dabbs, C. H.: The use of peridural and subarachnoid injections of saline solution in the treatment of severe postspinal headache 17
Bonica, J. J.: Regional anesthesia with tetracaine 606, 716	Davis, L. A.: The induction of anesthesia for suspension laryngoscopy with cocaine, sodium pentothal and curare 245
Brooks, L. M.: Tissue distribution with time after single intravenous administration of pentothal sodium (sodium ethyl (1-methylbutyl) and pentothal S35 thiobarbiturate) ... 1	Davis, F. E.: Manually assisted and controlled respiration: its use during inhalation anesthesia for the maintenance of a near-normal physiologic state—a review. Part I, Part II 538, 661

INDEX OF AUTHORS AND TITLES OF ABSTRACTS

	PAGE		PAGE
Brown, Harry: Anesthesia in trans-thoracic surgery of the alimentary tract	384	Nosworthy, M. D.: Some respiratory disturbances during general anesthesia	138
Brown, Isabel D.: Pediatric anesthesia	264, 757	Olsen, C. W., Marinacci, A. A., Ray, J. W., and Amyes, E. W.: Intravenous procaine hydrochloride in the treatment of asphyxia due to carbon monoxide. Report of three treated cases with electro-encephalographic correlation	386
Chadwick, T. H., and Swerdlow, Mark: Thiopentone-curare in abdominal surgery	383	Organe, Geoffrey: Decamethonium iodide (Bistrimethylammonium decane di-oxide) in anaesthesia	510
Coller, F. A., and DeWeese, Marion S.: Preoperative and postoperative care	387	Papper, E. M., Brodie, B. B., Lief, P. A., and Rovenstino, E. A.: Studies on the pharmacologic properties of procaine and di-ethyl-amino-ethanol	264
Cullen, S. C.: The rational application of sedative and analgesic drugs ...	382	Perzik, S. L.: Anesthesia in head and neck surgery: the surgeon's viewpoint	262
Fastier, F. N., and Reid, C. S. W.: Circulatory properties of amidine derivatives. II. Potentiation of the vasoconstrictor action of adrenaline	263	Pinson, K. B.: Mechanically controlled respiration in thoracic surgery	384
Fleiss, A. N.: Multiple sclerosis appearing after spinal anesthesia	381	Seever, M. H.: Symposium: Anesthesia in otolaryngologic surgery. I. The preparation of the patient	514
Foregger, R., Rettig, H., and Conroy, C.: Massive pulmonary collapse following anesthesia with curare	260	Thomas, D. E.: Use of oil anesthetics in rectal diseases	759
Gillespie, N. A.: Anaesthesia and music: a different analogy	757	Thorp, R. H.: The pharmacology of the optical isomers of amidone (2-di-methyl-amino-4: 4-diphenylheptan-5-one)	381
Ralph Milton Waters: A brief biography	381	Touroff, A. S. W., and Adelman, M. H.: Resuscitation after forty minutes of cardiac arrest	143
Gordon, D. A.: Anesthetic disasters	757	Watts, D. E.: The effect of local anesthetics on the respiration of brain homogenates	758
Harger, R. N., Turrell, J. M., and Miller, J. M.: A viscosity-effusion meter for measuring the concentration of anesthetic gases	382	West, G. B.: Injections of adrenaline and noradrenaline and further studies on liver sympathin	263
Hingson, R. A.: Continuous caudal analgesia in obstetrics, surgery and therapeutics	512	Wilson, George, Rupp, Charles, and Wilson, W. W.: The dangers of intrathecal medication	511
Kurpees, J. G., Whitehouse, Scott, and Corzismo, Frank: Anesthesia for the paraplegic patient	756	Wood, P. M.: Functions of the American Board of Anesthesiology	260
Miller, J. B., Mann, and Abramson, H. A.: A method for topical anesthesia by nebulization of local anesthetics	650		
Moser, H. H.: Early anaesthesia	383		
Mushin, W. W., and Baker, L. R.: Intravenous procaine: a review	510		
Mushin, W. W., Wien, R., Mason, D. J., and Langston, G. T.: Curare-like actions of tri-(diethylaminoethoxy)-benzene triethyl iodide	261		

REVIEWS

	PAGE		PAGE
Davenport, Horace W.:		Blakiston's new Gould medical dictionary. 3 editions: textbook, \$8.50; thin paper, \$10.75; and deluxe, \$13.50. Pp. 1294, 252 illustrations. Philadelphia, The Blakiston Company, 1949	503
The ABC of acid base chemistry. Price, \$2.00. Pp. 74, 40 figures, 17 tables. Ed. 2. University of Chicago Press, 1949	502		
Jones, Harold W., Hoerr, Norman L. and Osol, Arthur, editors:			

TABLES, ILLUSTRATIONS, ETC.

	PAGE		PAGE
Graphs: Pentothal distribution in tissues	3, 5	Graphs: Electrocardiographs during intubation 225, 226, 227, 228, 229, 230, 231, 232, 233, 234	241
Tables: Pentothal distribution in tissues	4	Drawing: Four-way stop-cock	241
Tables: Cyclopropane-epinephrine arrhythmias	9, 10, 11, 12	Table: Anesthesia for suspension laryngoscopy	246
Graph: Electrocardiogram; ventricular arrhythmia	10	Photographs: Modified Buchanan re-breathing tube	256, 257
Graph: Epinephrine in ventricular arrhythmia	13	Photograph: Ampules	258
Tables: Postspinal headache	19, 20	Photograph: Sterilization of spinal catheter	259
Drawing: Spinal puncture	21	Table: Velocity of sound	266
Table: Recovery time-anesthesia time ..	27	Drawings: Gas analyzers 267, 268, 269, 270, 272	272
Tables: Hartford Hospital Blood bank report	54, 55	Graphs: Gas analyses ..	271, 272, 275, 276
Tables: Pontocaine nerve block 66, 67, 68 ..	69	Photograph: Gas analyzer	274
	70, 72, 73	Table: Comparison of scopolamine and atropine	280
Tables: Pituitrin preparations 78, 80, 83, 84 ..	86	Graph: Comparison of scopolamine and atropine	281
Graphs: Pituitrin preparations during anesthesia	80, 81, 82, 85, 87, 88, 89, 90	Photographs: Brachial plexus	290, 291
Tables: Regurgitation and aspiration of gastric contents	103, 104, 105, 106	Drawing: Spinal puncture	295
Drawings: Construction of cuff for intratracheal tube	121	Table: Electrocardiographic studies during intubation	300
Photographs: Eaton headrest 131, 132, 133, 134, 135	137	Graphs: Electrocardiographic studies during intubation 301, 302, 303, 305, 306, 308	308
Drawing: Plastic airway	137	Graphs: Intratracheal tube studies 314, 317, 318	318
Photographs: Vascular response to hemorrhage	148, 149	Tables: Intratracheal tube studies 315, 316, 317	317
Table: Copper sulfate test of specific gravity of blood	158	Photograph: Intratracheal tubes	315
Graphs: Coronary circulation	170, 171	Drawing: Gas meter	316
Table: Coronary circulation; effect of anoxia	172	Tables: Blood levels of procaine 334, 335, 336, 337, 338, 339, 340	340
Charts: Intravenous procaine 186, 190, 191, 192, 193, 194, 195, 196	189	Table: Stellate ganglion block	343
Tables: Intravenous procaine ..	187, 188, 189	Charts: Anesthesia for sympathectomy ..	346
Graphs: Treatment of tetanus	202, 203	Table: Blood pressure during sympathectomy	348
Drawing: Position for laryngoscopy ..	207	Tables: Lucaine anesthesia	355, 357
Photographs: Laryngoscopy ..	208, 209, 210	Photographs: Electrical localization of spinal catheters	362, 363
Tables: Pyridoxine	213	Tables: Anesthesia for operations in vertebral canal	368, 371
Tables: Decamethonium	216, 217		
Table: Electrocardiograms during intubation	225		

Graphs: Anesthesia for operations in vertebral canal	369, 370	Tables: Controlled respiration	551, 552
Photographs: Infant anesthesia apparatus	378	Graphs: Carbon tetrafluoride	563, 564
Drawing: Substitute nasopharyngeal airway	379	Tables: Blood oxygen saturation	590
Graphs: Curare; effect on autonomic reflexes	410, 413, 417	Tables: Tetracaine regional anesthesia 612, 615, 616, 618, 620, 621	
Charts: Effects of curare during anesthesia	411, 412, 415, 419	Tables: Effect of quinidine on arrhythmias	626, 627
Photographs: Keysort records	423, 425	Graphs: Effect of quinidine on arrhythmias	628, 629, 630
Tables: Control of respiration	427, 429, 430	Photograph: Arm guard	636
Tables: Aliphatic sympathomimetic amines	438, 440, 441	Table: Amnesic agents	653
Tables: Rectal pentothal and morphine 446, 447, 448, 449		Graphs: Blood gases during parturition 654, 655, 656	
Table: Pentobarbital metabolism	453	Tables: Lucaine in spinal anesthesia 687, 688, 689, 690	
Graph: Pentobarbital metabolism	453	Graphs: Epinephrine and ephedrine intrathecally	695, 696
Table: Aliphatic ethers	456	Table: Epinephrine and ephedrine intrathecally	698-699
Graphs: Aliphatic ethers	458, 459	Tables: Lumbar puncture headache 705, 706, 707	
Table: Postspinal headache studies	465	Photograph: Lumbar puncture of child 711	
Tables: Hyaluronidase 471, 472, 473, 474 476, 477, 480		Tables: Spinal anesthesia in children 712, 713	
Table: Signs of hypoxia	487	Tables: Tetracaine regional anesthesia 708, 719	
Photographs: Device for oxygen administration	505, 506	Tables: Blood gases: relation to intratracheal tubes	731
Photographs: Operiscope	507, 508	Tables: Pierotoxin-thiopental antagonism	734, 735, 736
Graphs: Uptake of anesthetic gases by the body	520, 521, 522, 523, 524, 525	Table: Geriatric anesthesia	738
Tables: Supplementation of nitrous oxide	529, 531, 532, 533, 534, 535	Photograph: Laryngoscope blade	750

MISCELLANY

	PAGE		PAGE
American Association of Blood Banks		Connecticut State Society of Anesthesia	
announcement of meeting	327, 488	notice of meeting	729
American Board of Anesthesiology, Inc.		Correspondence	136, 509, 637
change of headquarters, announcement	421	Current Comment 129, 256, 377, 504, 635, 750	
election of trustee announced	436	Editorials	125, 254, 374, 500, 634, 745
notice concerning examination 154, 408, 685		Massachusetts Society of Anesthesiologists	
report of meeting	23, 167	announcement	537
American College of Anesthesiologists		Medical Motion Pictures	
announcement	95	announcement	341
American Society for the Advancement of General Anesthesia in Dentistry		New England Society of Anesthesiologists	
announcement	344, 516	announcement of meeting 32, 253, 349, 622	
American Society of Anesthesiologists, Inc.		New York Society of Anesthesiologists	
announcement of meeting	232, 298, 312	postgraduate assembly announcement	526
lecture courses	463, 469	postgraduate training	715
proceedings of House of Delegates ..	638	Post-Graduate Courses	
Association of Military Surgeons of the United States		announcement	137
notice of meeting	588	Southern Society of Anesthesiologists	
Case Reports	129, 256, 377, 504, 635, 745	announcement of meeting	237, 244
Committee on Medical Schools and Postgraduate Education		Western Regional Conference on Anesthesia	
announcement	282	second biannual conference announcement	744
